GOVERNMENT'S ISSUANCE CALENDAR FOR SEPTEMBER TO NOVEMBER, 2020

1. As part of Government's effort to improve market transparency in the issuance of Government securities, we publish the Government's issuance calendar for **September to November, 2020**.
2. The Calendar is developed based on the Net Domestic Financing provided in the 2020 Budget, the domestic maturities, the 2020 Annual Borrowing & Recovery Plan (ABRP) and the Medium Term Debt Management Strategy (MTDS) for **2020-2023**. The Calendar shows the securities that are intended to be issued in respect of Government's Public Sector Borrowing Requirements for the period **September to November, 2020**.
3. Government is expected to update the issuance calendar on a monthly rolling basis, to reflect a full quarter financing programme.
4. In addition, the Calendar also takes into consideration Government's liability management programme, market developments (both domestic and international) and the Treasury & Debt Management objective of lengthening the maturity profile of the public debt.
5. Based on the above and current market conditions, Table 1 provides a summary of the gross borrowing requirement for the period **September to November, 2020**. The amounts stated in the Calendar are indicative to guide the market and may be revised when transaction adverts are published.
