### **FOR IMMEDIATE RELEASE**

#### **STATEMENT ON ENGAGEMENT WITH X PLATFORM CONTENT CREATORS**

The Bank of Ghana met with a group of X platform content creators on 22 April 2026, to address challenges with delayed receipt of funds.

We state categorically that this group has no political affiliation. They engaged the Bank solely as concerned content creators seeking a practical resolution to a legitimate issue.

The Bank takes these concerns seriously and is implementing measures to significantly reduce the turnaround time for receiving funds.

We clarify that the funds in question are classified as export proceeds. The Bank of Ghana is working with all relevant parties to remove bottlenecks and ensure a seamless process for legitimate beneficiaries.

The Bank remains committed to creating an enabling financial environment that supports innovation, digital earnings, and Ghanaians participating in the global digital economy. **ENDS**
